

A stronger Europe: cross-border projects – Transnational Cooperation for more sustainable Central Europe

After 3 years of successful implementation, the **project TRANS TRITIA - Improving coordination and planning of freight transport on TRANS TRITIA Project territory** is reaching to the end of its duration. We are pleased to invite you to join us during the project conference held in Brussels within the European Week of Regions and Cities 2020 from October 05 - 22 2020.

Being content with all the project achievements and the outputs, we would like to share with you the project results, good practices and how we all can benefit from cross-border cooperation in the field of freight transport.

The TRANS TRITIA Project in association with European Committee of the Regions and European Commission the consortium consisting of Poland, Portugal, Romania and Spain is organising the workshop titled **"A stronger Europe: cross-border projects"** at the European Week of Regions and Cities 2020 from October 05 – 22, 2020.

Due to the COVID-19 pandemics, this year the event will take place fully online.
